Objective

Final Year Bachelor of Computer Applications (BCA) student with practical experience in Python programming, SQL, Power BI, MS Excel, HTML, CSS, and Data Analytics through internships and academic projects. Strong analytical, communication, and problem-solving skills with a commitment to continuous learning. Looking for an entry-level Software Developer, Python Developer, Data Analyst, or IT Associate role where I can apply my technical knowledge and grow professionally.

Education

Bachelor of Computer Application , Dwaraka Doss Goverdhan Doss Vaishnav College	06/2024 – 05/2027
CGPA : 8.4	Chennai
HSC , Bentineck Higher Secondary School for Girls, Chennai	04/2024
Percentage : 92.5	Chennai

Experience

Python Developer	16/02/2026 – 16/03/2026
- Developed a Stock Market Dashboard using Python for backend processing and HTML, CSS, and JavaScript for an interactive and responsive user interface. - Built an Image Recognizer application using Python, integrating image processing logic with a user-friendly web interface. - Collaborated on full-stack development by connecting Python backend functionality with frontend technologies, improving debugging, problem-solving, and application development skills.	

Projects

Image Recognition System
- Developed an Image Recognition System using Python, Flask, TensorFlow, and OpenCV for real-time image classification. - Built a responsive frontend using HTML, CSS, and JavaScript for image upload and prediction display. - Integrated MobileNetV2 to classify uploaded images and display the top 3 predictions with confidence scores.

Certificates

NCVTE Diploma in Office Accounting Completed a diploma in Office Accounting, covering accounting principles and office administration. Gained practical skills in financial management, bookkeeping, and organizational tasks.	Diploma in Python Programming Completed a 3-month intensive program focused on Python fundamentals, software development principles, and hands-on project work, enhancing practical coding skills and problem-solving abilities.	NCVTE Diploma in Web Designing Completed a comprehensive program covering HTML, CSS, JavaScript, UI/UX principles, and responsive web design, building strong foundational skills for real-world web development projects.
